

## KSC System Update

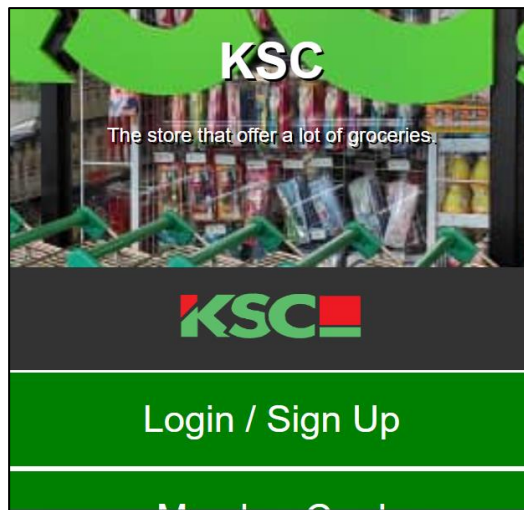

- Message expiry send through WhatsApp:
  - Payment rate : RM 0.135 per message
  - This charge is based on automation chat service provider

- Payment has add two decimal places.

A screenshot of the 'KSC Membership Registration' form. The header is green with the KSC logo and a 'TEST' tag. It displays 'KSC Membership Registration', 'MYR 10.00', and '1 year subscription of the membership'. The form includes an 'Email' input field, a 'Payment method' section with buttons for 'FPX', 'Card', and 'GrabPay', an 'FPX Bank' dropdown menu with 'Select bank' text, a 'Name' input field, and a large green 'Pay' button at the bottom.

- Logo size has been changed

- [www.kscfi.com](http://www.kscfi.com) | [www.kwongsc.com](http://www.kwongsc.com) | [www.ksceong.com](http://www.ksceong.com) | [www.ksengc.com](http://www.ksengc.com) | [www.ks5.com](http://www.ks5.com) – available \*Still under consideration and pending payment\*
- using stripe instead ipay88 \*costly to implement ipay88\*

- Using OTP to secure password through whatsapp.

- Claim page “KSC Term & Conditions”

- card\_point table record has been create in the phpMyAdmin.

The screenshot shows the phpMyAdmin interface for the 'kscfi\_ksc' database. The 'card\_point' table is selected, and its structure is displayed. The table has columns: id, point, jan, feb, mar, apr, may, jun, july, aug, sep, oct, nov, dec, and in\_hand. A single record is shown with id 1, point 10, and all month values set to 10. The 'in\_hand' column value is 10.

id	point	jan	feb	mar	apr	may	jun	july	aug	sep	oct	nov	dec	in_hand
1	10	10	10	10	10	10	10	0	0	0	0	0	0	10

- Point expiry by month. **\*Day are removed\***
